

The Pizzato **FD series** is a range of rugged metal bodied Position Switches with a wide range of actuator heads. The switches listed below are CEL's stock range.

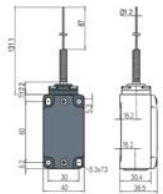

PZ FD508-M2 - Limit switch with piston plunger actuator
Metal housing, one threaded M20x1,5 conduit entry. IP67 according to EN 60529
Contact block: 1NO+1NC snap action

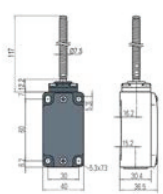

PZ FD515-M2 - Limit switch with roller piston plunger actuator
Metal housing, one threaded M20x1,5 conduit entry. IP67 according to EN 60529
Contact block: 1NO+1NC snap action

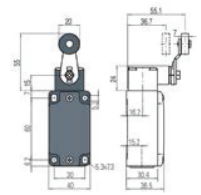

PZ FD521-M2 - Limit switch with coil spring "cats whisker"
Metal housing, one threaded M20x1,5 conduit entry. IP67 according to EN 60529
Contact block: 1NO+1NC snap action

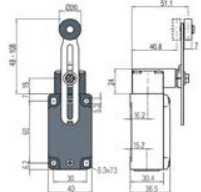

PZ FD525-M2 - Limit switch with coil spring actuator
Metal housing, one threaded M20x1,5 conduit entry. IP67 according to EN 60529
Contact block: 1NO+1NC snap action

PZ FD531-M2 - Limit switch with roller lever actuator
Metal housing, one threaded M20x1,5 conduit entry. IP67 according to EN 60529
Contact block: 1NO+1NC snap action

PZ FD535-M2 - Limit switch with adjustable roller lever actuator
Metal housing, one threaded M20x1,5 conduit entry. IP67 according to EN 60529
Contact block: 1NO+1NC snap action

PZ FD536-M2 - Limit switch with adjustable fibre-glass rod actuator
Metal housing, one threaded M20x1,5 conduit entry. IP67 according to EN 60529
Contact block: 1NO+1NC snap action
